**Meeting Notes:**

Introduction from the Chairman

The Chairman introduced the background of the SENTX project and the current operation of the landfill. The Chairman said the SENTX area had started operation since 21 November 2022. He invited the representatives from HKSTP and Gammon to express their views and concerns on the SENTX operation.

Matters of concern

HKSTP

Edwin Ho of HKSTP said he had been working at HKSTP for about 1-2 years and had not scented any odour or received any odour complaints from the tenants of HKSTP. He said recently the tenants were mainly concerned about other issues such as car parking.

Gammon

Both Michael Sheh and Gogo Ng of Gammon said they were not aware of any odour problem from the landfill.

All representatives from both companies said they did not find any issue brought by the SENTX operation to the surrounding area.

Date of next meeting

To be determined

Meeting adjourned at 10:30 a.m.
